Incident Description

On 05-03-2026, Mr. Manoj, Project Manager, engaged a helper named Imran Khan to perform thermocoal removal work on the bottom slab at Non-Tower Zone-4, B-1 level, using a non-standard cup lock mobile scaffold.At approximately 11:47 AM, two co-workers attempted to shift the non-standard mobile scaffold from one location to another while the worker remained on the scaffold. During this process, one of the cluster wheel detached from the vertical support, resulting in an injury to the worker's left leg.

Sections

FIR basic details
